J.D. SAFETY — CONSULTANTS —

Pricing Sheet

Category 1: Monthly Safety Consulting

Safety Advisor — $600/month

Up to 3 remote hours / month

Reliable professional safety guidance for small businesses that need expert support without hiring a full-time safety manager.

- Phone and email safety guidance.
- Quarterly review of client-submitted safety documents.
- Minor updates to existing safety programs, within included hours.
- One industry-relevant toolbox talk each month.
- Customized annual Safety Training & Compliance Calendar.
- Monthly calendar reminders or updates.

Routine inquiry response within 24–72 hours.

Safety Partner — $1,500/month

Up to 6 total remote hours / month

Proactive, ongoing safety guidance for growing businesses seeking a more structured approach to workplace safety.

- Everything included in Safety Advisor.
- Monthly safety consultation call.
- Monthly review of client-submitted safety documents.
- Quarterly remote safety program gap review, within included hours.
- Incident documentation review and guidance, within included hours.
- Priority scheduling for additional consulting services.

Six hours is the total allowance, including Advisor support.

Monthly consulting hours include client-specific calls, correspondence, document reviews, program updates, and other individualized support. Services beyond the included monthly hours require client approval and are billed at the standard hourly rate. New program development, major revisions, custom training, and onsite services are separately scoped and quoted. Unused hours do not roll over.

Additional consulting hours are billed at $200/hour, only with client approval.

Safety Training & Compliance Calendar

Included in both plans with monthly reminders or updates. An annual calendar tailored to your industry and operations, covering applicable training priorities, recommended toolbox talks, inspection activities and important compliance reminders. Supports planning; does not guarantee regulatory compliance.

Category 2: Safety Program & Training Development

Initial Safety Program Development — From $1,750

Customized foundational written programs tailored to your industry, operations and hazards. Final scope and price agreed after consultation; not required for monthly clients.

Individual Written Safety Programs — From $500/program

Individual written programs and procedures tailored to your operations and applicable requirements.

Safety Training Development — From $500

Customized training materials; standard kits include slides, facilitator notes and an attendance form.

Complex or extended instructor-led courses — Custom quote

Custom courses for complex topics or longer instructor-led sessions.

Hourly Safety Consulting — $200/hour

As-needed guidance for one-off questions, document reviews or short-term projects; billed for time used.

Category 3: Specialized Safety Services — Custom quote

Incident investigations and analysis • OSHA and Cal/OSHA citation assistance • On-site safety assessments and inspections • Job safety analysis and hazard assessments • Regulatory compliance consulting • Safety management system evaluations • Other specialized safety consulting services

Separately scoped and quoted following an initial consultation.
